[sameer333341318](https://www.linkedin.com/in/md-sameer333341318)

Dedicated and ambitious third-year Computer Science Engineering student with a strong passion for web development and hands-on experience in building dynamic, responsive web applications using HTML, CSS, JavaScript, and React.. Proficient in developing intuitive user interfaces, optimizing website performance, and ensuring cross-browser compatibility. Eager to enhance full-stack development skills by gaining experience in backend technologies, databases, and API integrations.

Known for a keen attention to detail, problem-solving mindset, and adaptability in fast-paced environments. Quick learner with a strong foundation in computer science principles, always exploring new tools and technologies to improve development efficiency. Enthusiastic about collaborating with teams to create impactful web solutions that enhance user experience. Seeking an internship opportunity to apply technical expertise, contribute to real-world projects, and further refine skills in a professional setting.
